

# Make a GoodCall when switching mobile supplier

## We're Proud to be the UK's Third Sector Mobile Supplier

GoodCall is a Social Enterprise that provides affordable, high-quality digital resource exclusively to the third sector. This includes mobile phones and line rental, saving customers on average 40% on their current contracts.

As a social enterprise, any profit we achieve is re-distributed into the organisations we work with to help them deliver their services, and to create sustainable employment for individuals furthest from the job market.

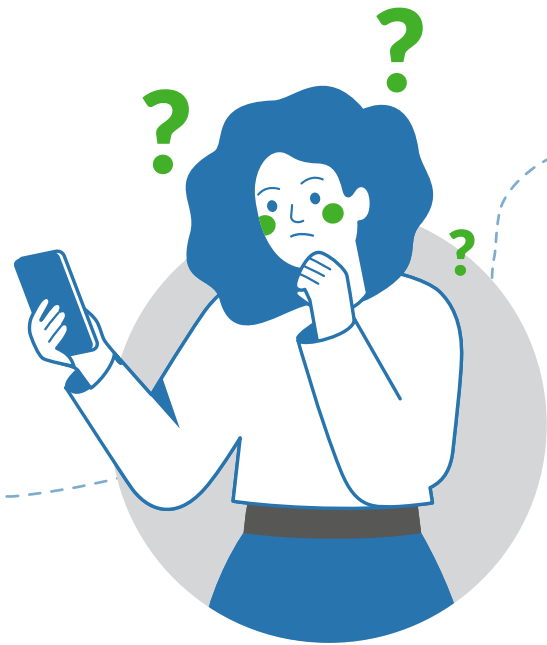

**£100,000+**  
saved for non-profits

**71**  
organisations  
supported

**40%**  
saving on  
contract costs

## Need support with technology?

### We're always ready to help

GoodCall staff will support implementation and use of your mobile phones and equipment. Our friendly team will be on hand if you experience any problems to help with troubleshooting or training needs. We will use our expertise to build the confidence of you and your team to work with your devices.
