

# Cancer, Cancer Screening and Inequalities Training

## 19<sup>th</sup> of June 9.30am to 11am

NHS Lanarkshire Health Improvement team deliver this 90 minute session via MS Teams. This training is open to anyone working or volunteering in Lanarkshire who wants to gain awareness of breast, bowel and cervical cancer signs & symptoms, screening, inequalities, barriers to screening and how you can support people to overcome these barriers. Please email the address at the bottom of the flyer to book a space.

### A FREE interactive workshop

By the end of the session you will:

- Be aware of cancer policy landscape.
- Be aware of signs and symptoms of breast, cervical and bowel cancer as well as screening.
- Be aware of inequalities and their impact on screening.
- Be aware of what we can do to support informed screening uptake.
- Be aware of signposting information and resources.
